Hatch.

Bristolite Roof Access Hatches

Sizes and Availability

30" x 36" standard size, self-flashing, grey is available for immediate shipping.

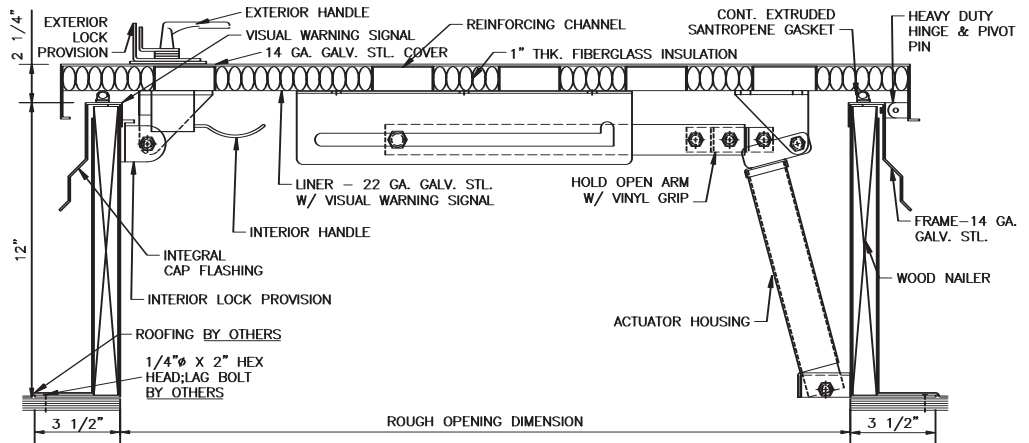

Custom sizes and special specifications, self-flashing or curb-mount are also available. Please contact the Bristolite Sales Department for your specific requirements.

Heavy Industrial Use In Either Self-Flashing or Curb-Mount:

- Water Treatment
- Sewage Treatment
- Chemical
- Petro Chemical

Curb Construction: Curb shall be 14 Ga. Galvanized steel with 1" wood nailer and shall be 12" in height with a 3-1/2" flange and mounting holes for roof attachment; integral cap flashing of the same material and thickness as the curb. Curb and cap flashing shall be fully welded at the corners for a watertight construction. Hinges are two piece formed steel, with a non-removable heavy duty pivot pin.

General: Roof access hatch shall be model 3036 SAH-SF as manufactured by Bristolite Skylights. A yellow and black striped visual warning signal shall be on top front of curb and on inside of lid.

Covers: Cover shall be 14 Ga. galvanized steel, with radiused corners for safety, and shall be fully welded at the corners for watertight construction. The cover liner shall be 22 Ga. The cover shall be insulated with a 1" thick fiberglass insulation and reinforced as required to support a 40 lbs/ft2 live load. The seal of the hatch lid shall be provided by an EPDM gasket material that is mechanically bonded to the lid.

Hardware: Provide hardware that includes: An interior handle with a positive, one-point locking mechanism; exterior handle, and provisions for a padlock, both inside and out; pre-lubricated compression springs, encased in zinc-plated telescopic tubes, for smooth and controlled operation at any position; An automatic, hold-open arm with a vinyl grip. All hardware shall be corrosion resistant, and all fasteners shall be of a self-locking type.

Bristolite Safety Grab is constructed from heavy gauge steel, textured for increased grip and easily mounted on either corner of the exterior hatch opening. A natural addition, for improved safety, whether entering or leaving the roof.

Specifications

Overall height: 17"
 Horizontal rails: 10"
 Weight: 10 lbs.
 Color: Red
